GOLD AWARD WINNER

University of East London

Programme Intelligence Tool

Judges Comments: *This was a unanimous decision for an exceptional and technically sophisticated entry - a truly innovative programme intelligence tool driving real portfolio transformation, backed by compelling ROI and remarkable operational efficiency gains. In a highly competitive category, this was truly the standout submission and showcased a tool all the judges are jealous of.*

SILVER AWARD WINNER

Aston University

Data-Driven Acceleration of Aston University's QS Academic and Employer Reputation

Judges Comments: *The judges felt this was a great project with a clear aim and objectives, which were all met. Data and insights contributed to an improvement in institutional performance in QS rankings and to Aston's reputation.*

BRONZE AWARD WINNER

Said Business School, University of Oxford & Bray Leino

Repositioning the Oxford Executive MBA for Diversity and Growth

Judges Comments: *The judges thought this was a strategically compelling and insight-rich submission tackling a genuinely challenging market, featuring outstanding use of qual and quant data across every stage of the funnel.*
